are the assay values, less transportation and treatment charges. Should Judge Shearor rule in favor of the plaintiffs, Teller county will lose thousands of dollars each year in mine taxes, and on the other hand, the revenue decision will mean a severe blow to the companies. The present injunction suit differs from mining tax cases decided some time ago by Judge Shearor, the latter being to reduce the rate of assessment on nonproducing mines. Today's suit is to determine the basis

**NO MORE DANDRUFF, FALLING HAIR OR ITCHY SCALP IF YOU DO THIS**

Your hair looks soft, fluffy, lustrous and abundant after a Danderine hair cleanse

Immediate—Yes. Certain—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a wash with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits. Particularly those who have been

**A BAD COLD IS EASILY BROKEN**

The Most Severe Cold and Grippe Misery Will Be Relieved in Just a Few Hours.

There is not one grain of quinine in Pape's Cold Compound, which, when taken every two hours, until three consecutive doses are taken, will surely end the grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, catarrhal affections, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

**URGES BETTER**

(Continued From Page One.)

poise royalties upon power generated by falling water and to lease the oil and phosphate lands and the coal and metalliferous mines upon a rental basis payable to the treasury of the United States. No other states have had their natural resources taxed by the national government, and we deem it unfair that the states of the west should have to pay into the federal treasury a tax to have their resources developed.

**Gives Points on Canal.**

Lieut. G. R. Goethals, corps of engineers, U. S. A., in a speech illustrated by moving pictures and stereoscopic views, explained how the Panama canal is being built. He brought out the advantages of the lock canal over the sea level type, and gave in detail the progress being made in rushing the building of the canal to completion.

J. B. White, president of the National Conservation Congress, insisted that the question of conservation must be kept out of politics.

"The vital business interests of the country should be studied and given a chance as against the monopolization of the nation's energy by the prejudice and error of partisan politics," he said. Many resolutions were introduced today, the principal one asking the convention to declare in favor of woman suffrage.

Among other resolutions presented were the following:

Recommending that the congress aid the Diggers of the American Revolution in their effort to secure a national highway from ocean to ocean.

Recommending the appointment of a commission to investigate the navigation laws of the country with the intention of stimulating the movement to secure a permanent merchant marine.

Asking national aid in building good roads in the west.

Providing for a government department of public health.

The congress today adopted the plan of the committee on reorganization to establish permanent headquarters and keep up the activities of the organization every day of the year.

The executive committee later will decide upon the location of the permanent headquarters.

**IMPRISONMENT FOR**

(Continued From Page One.)

These exemptions are right and should be made."

The proposed bill amends the first three sections of the Sherman act, leaving as they are sections four to eight inclusive and adding two new sections. Section one is amended to define specifically a trust and reads as follows:

**Section One Amendment.**

"Every contract, combination in the form of trust or otherwise, or conspiracy, in restraint of trade, or commerce among the several states or with foreign nations is hereby declared to be illegal. And that a trust of assessment for producing properties.

As the property of the plaintiffs has been advertised for sale tomorrow morning, it is practically assured that Judge Shearor's decision will be made known today. The names of the companies involved in the suit, the amount of tax demanded by Teller county, the amounts the companies declare should be charged and the abatement asked, are as follows:

**How the Case Stands.**

**BEET SUGAR REFINERS FORM AN ORGANIZATION**

CHICAGO, Nov. 15.—Beet sugar refiners, in convention here today, formed a temporary organization to carry on their fight to maintain the tariff on sugar. Ninety-five per cent of the beet sugar production of the country was represented at the meeting, according to C. C. Hamilton of Colorado Springs, Colo., chairman of the convention.

"The aim of our organization, primarily, is to fight an attempt to remove the tariff on sugar," said Mr. Hamilton.

"Removal of the tariff is the weapon the New York refiners wish to use to eliminate beet sugar from the field. Beet sugar cannot survive without a protective tariff. The existence of beet sugar is of prime importance to the consumer, as its presence in the market has kept sugar, alone, or with food products, from advancing in price."

Mr. Hamilton said the present 500,000 tons annual production of beet sugar would be increased to 1,500 annually were it not for the fear of removal of the tariff. The finished product of a beet sugar refinery is the same as that of cane sugar, he said.

Beet sugar refiners attending the convention include:

John L. Howard and W. H. Hamman of San Francisco; B. F. Case of Santa Ana; Cal W. T. Oxnard of Washington; R. C. Thomas of Butler, Mo.; Lake City, H. H. Rolapp, Ogden, and C. S. Moray of Denver.

**ECZEMA REMEDY ALSO WASHES PIMPLES AWAY**

No remedy that we have ever sold for Eczema, Psoriasis, and all other diseases of the skin has given more thorough satisfaction than the D. D. D. Prescription for Eczema.

A 25-cent trial bottle can be secured at once.

Our patrons find that D. D. D. not only gives instant relief to the itching, burning skin, quickly driving out all the disease germs, but it is also the most delightful wash for the complexion they ever used. Absolutely harmless and pleasant to use. D. D. D. cleanses the skin of all minor impurities, such as rashes and pimples over night, and leaves the skin clear and smooth as that of a child.

It is now generally known that there is nothing that can equal D. D. D. as a household remedy for all skin troubles, no matter what they are.

We, ourselves, are so fully convinced of the merits of this wonderful remedy that we will charge you nothing if the first full size bottle of D. D. D. does not make good every claim.

Better drop in and talk it over with us anyhow.

The Robinson Drug Co.

**ATTORNEYS FOR PACKERS ARE BUSY PREPARING FOR THEIR NEXT MOVE**

CHICAGO, Nov. 15.—Attorneys for the indicted meat packers were busy today preparing for the next move in their latest action to obtain a ruling by the United States supreme court on the validity of the Sherman antitrust law which they contend is not now a positive law, because the reasonable restraint" ruling makes it impossible to determine beforehand whether an act is legal.

The hearing in the habeas corpus writ asked yesterday of United States Circuit Judge Kohlsaat will come up tomorrow. Whether or way he decides the case will at once be appealed to the United States supreme court.

Meantime the criminal cases against the 10 packers will be halted, because the case is now out of the jurisdiction of Federal Judge Carpenter, the packers having succeeded themselves in Judge Kohlsaat's court yesterday.

The main contention raised by the packers is this:

When the supreme court held that the reasonableness of the restraint of trade must be determined in each individual case the high court nullified the Sherman act because it took from the citizen or corporation the power of knowing what he did was criminal before his case was passed upon by a court and jury and that precedent was of no value, since the whims, prejudices or judgments of juries might differ. The question could not be raised by the attorneys for the tobacco and oil companies because it was in those cases the reasonable restraint of trade" rule was laid down.

**Want High Court Decision.**

Now that the Sherman act, according to the attorneys for the packers had been made indefinite they question the worth of the law. They say they want a decision by the highest tribunal before proceeding further. They contend that the real value of the law must be decided as a result of the present proceeding. The present case, however, attorneys say will receive a decision, and the ruling it is contended, will settle the exact status of the Sherman law as modified by the supreme court's ruling that "unreasonable restraint" must be shown.

Among the concerns that may be affected are:

The various lumber corporations, the United States Steel company, the Harvester company, the American Sugar company, the Naval Stores company, the American Tobacco company and the Standard Oil company.

Speaking of the case last night Judge Kohlsaat said:

**Statement by Kohlsaat.**

"This is one method of getting the law question alone before the supreme court without its being mixed with a question of fact. It is done as I understand it, for the purpose of getting a construction of the Sherman antitrust law as it affects the question involved in this case.

"Interpretation of the criminal prosecution section of the antitrust law should be secured as soon as possible to make the situation clear to the business interests of the country."

Judge Kohlsaat said he would regard these proceedings as a review of Judge Carpenter's rulings. He said his understanding was that Judge Carpenter had not passed on the questions involved in the application for a writ. Judge Kohlsaat also said that it was not necessary that the government attorneys be given notice by opposing counsel in cases of this kind.

"The move obviously is for delay," said Mr. Wilkerson. "The defense should have given us notice and certainly should not have waited until the venire was called. It would seem that if any attempt of the kind were to be made it should have been made at least six weeks ago. Witnesses have been summoned and the government has gone to enormous expense to present the case for trial."

"The mere fact that the defendants have filed a petition and obtained a preliminary writ means nothing. The court will decide their right to the writ. There is nothing novel in the situation. All questions raised in the petition have been ruled on by Judge Carpenter in favor of the government."

**TROOPS ALMOST SURE**

(Continued From Page One.)

river from the gulf and is thus certain to be cut off from water communication by ice early in the season, the American regiment probably will be landed at the port of Chin-Wang-Tao, which is said to be largely icebound.

WASHINGTON, Nov. 15.—The government will strenuously oppose any effort to postpone the trial of the Chicago meat packers indicted under the Sherman antitrust law. This was made known by Attorney General Wickersham today.

In conversation with a foreigner, Yuan Shi Kai said he intended to form a cabinet immediately and endeavor to carry on the government by gaining the support of as many provinces as possible, allowing the remainder to retain their independence for the time being. It would be his endeavor gradually to win back to the throne the allegiance of these provinces, he said.

Another important development in the capital was the issuance of an edict yesterday ordering Hui Liang, formerly viceroy of Manchuria, to assume command at Jehol, where the summer residence of the emperor is located in place of Fu Ting, the Tartar general. This appointment has led to the belief in certain quarters that the court may retire to Jehol, leaving Yuan Shi Kai as chief executive until the opportunity arrives for the court to resume a measure of authority.

**San Pao Chi Elected President.**

San Pao Chi, the viceroy of Shantung, has been elected president of the republic, which has been proclaimed in that province. His acceptance is in connection with the government's advice to several other viceroys to side with the people in the hope of infusing the provinces later to renew their allegiance. The provincial assembly of Chi Li has adopted a memorial to the throne in favor of the establishment of a republic with Yuan Shi Kai as president.

Wu Ting Fang, secretary of foreign affairs in the provincial government of Shanghai, and other noted reformers have sent a telegram to the American charge d'affaires here asking the good offices of the United States in connection with the delivery of a demand for abdication. The telegram, dated November 11 reads:

"Kindly deliver personally the following to his highness the recent, informing him that further conflicts between the imperials and the people will cause needless bloodshed. If his majesty advocates we shall endeavor to afford safety to the court and protection to their property.

To the recent Your manifesto acknowledging guilt has been published, but the murder of the people

Hart Schaffner & Marx, and Gadoos hand tailored clothes.

Our mid season selection which we have received includes many of the latest models for the winter of 1912.

Suits and Overcoats, \$15 to \$50.

**GANO-DOWNS**

Tejon at Kiowa.

This port is located on the railroad which passes through Lien Tsun coming from Peking and is about 250 miles from the Chinese capital. It is about 100 miles southeast of Jehol which probably would be chosen as a refuge by the Chinese emperor and family in case the dynasty is overthrown.

**Transport Sherman Ready.**

The transport Sherman is now lying in Manila harbor, having been detained there at the suggestion of the state department. She could land a regiment in Chin-Wang-Tao within four days after she received her sailing orders.

Rear Admiral Murdoch, commander-in-chief of the United States Asiatic fleet, has transferred his flag from the Rainbow to the Albah, which is a smaller vessel, and changed his base from Shanghai to Nanking.

As the Rainbow draws 25 1/2 feet of water and the Albah only 16 feet, it is believed the change was made to enable the commander-in-chief to proceed up the Yangtze river to nearer the troubles in the interior.

**Reign of Terror at Nanking.**

SHANGHAI, Nov. 15.—A veritable reign of terror prevails at Nanking, according to late dispatches from that city. General Chang Jen Chuan, the viceroy, it is declared, has exacted restraint to the winds. A systematic search is being made for Chinese who have discarded their queues and all found are beheaded.

The revolutionists in Shanghai are making vigorous preparations to attack Nanking and at a meeting last night volunteers were called upon to undertake the assassination of Chang.

Dr. Gilbert Reid, a prominent missionary, visited Viceroy Chang yesterday and endeavored to induce the general to agree to an armistice.

General Chang refused to entertain the idea and declared he intended to lead his troops in an effort to recapture Chinliang, Poochow and Shanghai for the throne. Chang has abundant money and ammunition.

**Accepts Premiership.**

PEKIN, Nov. 15.—Yuan Shi Kai has accepted the premiership and will assume office probably today (Thursday). Yesterday a official gazette contained an expression of thanks from Yuan Shi Kai to the throne for his appointment, but the truth is he did not undertake the task without receiving guarantees that he would have practically a free hand in conducting affairs while he retained his official position. The new premier yesterday received several foreign ministers, including the United States minister to China, William J. Calhoun, who only recently returned here.

In conversation with a foreigner, Yuan Shi Kai said he intended to form a cabinet immediately and endeavor to carry on the government by gaining the support of as many provinces as possible, allowing the remainder to retain their independence for the time being. It would be his endeavor gradually to win back to the throne the allegiance of these provinces, he said.

### POULTRY MEN MEET

Colorado Springs poultry fanciers are much pleased over the prospects for a big show here during the second week of December.

This evening at the city council chamber, Arthur A. Peters of Denver, president of the Colorado branch of the American Poultry association, will speak to the local enthusiasts. The topic for the evening will be "Poultry Shows and Their Benefits to the Community," also "Proper Methods of Preparing Birds for the Show Room."

The local association has a large and enthusiastic membership and is growing each day. At the meeting Thursday evening there will be opportunity given for joining the association, and its benefits will be explained.

Everyone interested in poultry raising will be welcome to the meeting tomorrow evening, which will be held in the city council chamber at 8 o'clock.

**WANT SHOPPING SUGGESTIONS**  
Nothing is quite so refreshing and satisfying to a tired shopper as a dainty lunch at Mueh's.

### LABORER CUT IN NECK

John Dority of Monument is a patient in St. Francis hospital, suffering from a long cut in the side of the neck, received in a fight yesterday afternoon. His "bunkies," Thomas Steed and Thomas Hamilton, are at the county jail, charged with assault with intent to kill.

The cutting affray is said to be the result of a three days' spree. The three men are railroad laborers. They laid off a few days ago and went to Denver, and according to reports they had not recovered yesterday from the effects of the trip.

Speed is said to have objected to Dority's use of a certain adjective, not listed by Webster. A fight started in which Hamilton decided that Dority was in the wrong. A butcher knife was secured by one of the men, and Dority was cut in the neck. He does not know which one did the cutting.

Deputy Sheriff Compton went to Monument last night and arrested Steed and Hamilton. Dority was placed on the train, brought to Colorado Springs and taken to the hospital. His condition is not serious. The cut is on the left side of the neck, about three inches in length, but is not very deep.

## What Constitutes a Pioneer? This Is Worrying Association

What are the particular requisites and ingredients of a really and truly pioneer? That's the question which is puzzling members of the El Paso County Pioneers' association. One thing there is of which they are certain: persons now living in the county who have no right to call themselves pioneers, although no particular names were mentioned in that connection. The real old timers feel, so says Mrs. W. W. Fiske, that anyone not in this county as far back as 1875 has not suffered enough of the early day hardships to constitute himself a pioneer. Other members of the organization feel that one might have been a pioneer provided he or she invaded the wilds of El Paso county as late as 1880. At first, it would seem, the test for membership will be the ability of one to accurately describe the doings of the settlement 30 years ago.

In order to shut out the "late ones," the association is going to draft a new constitution, said Mrs. Price last night, and this new article will contain rules and regulations of membership making it imperative that anyone eligible shall have been in this county not later than 1880, or in a direct descendant of one who has the right to make such claims. The new constitution also will contain a provision making those who are now members of the association, and who would not be admissible under the new act, nothing more than social members. The matter of constitution probably will be taken up at the next meeting of the association in January.

### Proposed Club House.

October 14, last, the park commission gave a plot of land to the association to be used as a site for the erection of a pioneer club house. This land is situated in Monument Valley park, just back of the 600 block on Cascade avenue. Immediately the membership waxed enthusiastic over the prospects of a real, "comfy" old-time, log club house which was to be adorned with huge, colonial fireplaces and other furnishings of the early days.

But in the meantime, some of the real pioneers recalled the fact that

once upon a time the very parcel of land which had been given them had been flooded, inundated and washed over by the raging flood waters of Monument creek. True, this was many, many years ago, but the cautious ones feared that in the course of events some such catastrophe might occur again and then their club house would be washed away, fireplace and all.

Accordingly a committee waited upon the park commissioners and explained its fears. The commissioners readily changed the donation and offered the association the land in Monument Valley park just northeast of the Bijou viaduct. This, it is thought by the committee, will be more satisfactory to the association and will allay fears of washouts and sudden floods in the minds of the other pioneers. The matter of location will be reported upon at the next association meeting. In the meantime, again, an assessment to pay for the new home will be levied upon each member of the association, probably \$1 per individual.

## COUNCIL REFUSES TO GRANT PERMIT

Will Not Allow Santa Fe to Lay Water Pipe Line Along Its Right-of-Way

The old question of permitting the Santa Fe railway to lay water mains along its right-of-way in the city, and pipe water from the Northfield Water company, again was taken up at yesterday's meeting of the city council. A recommendation of Commissioner Lawton that the city refuse to sanction the work was adopted unanimously.

In the opinion of City Attorney McKesson and Attorney P. M. Kistler the Santa Fe, under its franchise, has the right to "construct other appliances" in connection with its railroad. Irrespective of this opinion, Mayor Avery and the city commissioners declare they will carry the issue to the supreme court of the United States, if necessary, in their fight to prevent the line from being laid.

Water Superintendent McReynolds claimed that if the Santa Fe pipes in water from the Northfield company, the latter concern will secure an opening wedge which ultimately may result in serious competition to the city's water system. He said the loss of the Santa Fe's business would be \$7,000 annually and that if this company were given the right to obtain its water from outside sources, other roads would have the same privilege.

### Ridiculous Contentions.

Representatives of the Santa Fe ridiculed the contention of McReynolds that the Northfield company might prove a competitor to the municipal water system, if allowed to enter through the railroad right-of-way. They point out the fact that the Santa Fe owns a right-of-way puts it in an entirely different position from that of individual water consumers. The Northfield company could not so much as dig a trench in a single street or alley in Colorado Springs without the consent of the council, much less connect up with the thousands of consumers here, which would be the case if it competed with the Springs water system.

Furthermore, cite the Santa Fe officials, the railroad was obliged to secure its water from other points once on twice during a drought here, and while they do not blame the municipality for protecting the domestic supply first, they do not want to be in a position where they can be deprived of their supply if a similar condition should arise.

Although it is admitted both by City Attorney McKesson and Attorney Kistler that the Santa Fe has the right to go ahead with the pipe line through its right-of-way, regardless of the city, the railroad probably will try to arrange the matter amicably without proceeding to radical measures, and to this end other conferences may be held in the near future.

### ASK FOR WILSON CLUBS

DENVER, Nov. 15.—Five counties have sent requests that the Colorado Woodrow Wilson club organize county clubs in them in order that a statewide, united organization may be speedily secured to work for the nomination of Woodrow Wilson for the presidency. These counties are Montrose, El Paso, Mesa, Delta and Logan. The state organization will meet at 8 o'clock tonight in the ordinary of the Brown Palace hotel to complete a permanent organization. Permanent officers will be elected, and the counties authorized to form subsidiary clubs.

### Deaths and Funerals

The funeral of Martha Leistkow will be held this afternoon at 2 o'clock from Carrington's undertaking rooms, 317 North Tejon street. Burial will be in Evergreen cemetery. Friends are invited.

### Prize All Over

Houston, Tex.—"For five years," says Mrs. L. Fulemchak, of this place, "I suffered with pains all over, especially in my back and side, and was so weak I could hardly do my housework. A friend told me of Cardui. Since taking it, I feel so much better! Now I can do all my housework and pains don't bother me any more at all." Cardui is a strength-building medicine. Fifty years of success have produced amongst its many users, confidence in Cardui and what it will do. During this time Cardui has relieved the female ailments of over a million women. Why not yours? Try it today. Your druggist sells it.

## Ilibard & Company

SEVENTEEN AND NINETEEN SOUTH TEJON STREET.

## Prizes for Recipes Won by Colo. Springs Women

Mrs. E. L. Preston, 1728 North Nevada avenue, and Mrs. E. L. Powers, 230 North Spruce street, have won prizes in the October national recipe contest being conducted by Armour & Co., Chicago. A first prize of \$5 was awarded to Mrs. Preston, while a second prize of \$3 was awarded to Mrs. Powers. The recipes for which Mrs. Preston was given a first prize follow:

## HAIR BEAUTY

Let Parisian Sage Put Life and Luster Into Your Hair.

Don't say madam you cannot have just as fascinating hair as any other woman.

Any woman who makes such a statement hasn't met the girl with the Auburn hair who appears on every cartoon and bottle of PARISIAN SAGE. Radiant hair is not hard to get—start to use PARISIAN SAGE today and in 10 days your hair will compel admiration.

PARISIAN SAGE is such a delightful, refined and refreshing hair dressing free from grease and stickiness and has won such a splendid reputation for itself all over America that the Robinson Drug Co. is perfectly willing to guarantee it to abolish dandruff, stop falling hair or itching scalp, or money back. A large bottle costs but 50 cents in any city in America. The girl with Auburn hair on every cartoon.

one-half cup boiling water, and one-half cup of cream; bring to a boiling point, and when ready to serve, add the yolk of one egg.

Sauce Fiquante Stir into one cupful of boiling water, one-half teaspoonful of Armour's extract of beef, one tablespoonful of butter, two tablespoonfuls of vinegar, one tablespoonful each of finely chopped onion, cucumber pickle and capers. Salt and pepper to taste, and thicken with one tablespoonful of flour.

Brown Sauce Melt a tablespoonful of butter in a frying pan and stir into it one tablespoonful of flour; stir until smooth and thoroughly browned. Add one cupful boiling water in which one-half teaspoonful of Armour's extract of beef has been dissolved. Season with salt, and cayenne or black pepper as preferred. Bring to a boil and stir until the proper thickness is obtained.

Mushroom Sauce—Chop one-half can of mushrooms, fry in one tablespoonful of butter, add one yolk of egg. When well blended, add one cupful of the brown sauce given above. The following recipe was the one for which Mrs. Powers was awarded a prize:

Cheese Fondue—To one cup of finely grated cheese, add one cup cream, little salt, a pinch of white pepper and the yolk of five eggs beaten stiff. Add one-quarter teaspoonful of Armour's extract of beef and the whites of the five eggs thoroughly mixed. Put in a buttered mold and bake in a dish of hot water for one-half hour. Serve on a bank of parsley or celery tops.

"It is a pleasure to tell you that Chamberlain's Cough Remedy is the best cough medicine I have ever used," writes Mrs. Hugh Campbell of Levens, Ga. "I have used it with all my children and the results have been highly satisfactory." For sale by all dealers.

## VICTOR MINER DROPS DEAD

Special to The Gazette.  
VICTOR, Nov. 15.—Frank Coulter, aged 55, a miner and lessee, dropped dead in Independence avenue, near the Findley mine in Goldfield, this afternoon. An autopsy may be necessary to determine the cause of death.

injurious substances.

## WILL REOPEN FAMOUS GET-RICH-QUICK CASE

DENVER, Nov. 15.—The Lost Bullion case, alleged to involve one of the biggest get-rich-quick mining frauds ever perpetrated in the west, will be tried again by the government. In the four years that have passed since the first trial one of the eight defendants has died.

After a long and sensational trial in the federal court, all the defendants were found guilty by the jury. They appealed to the United States circuit court of appeals and recently the court, after the case had pending for years, remanded their cases to the lower court. The attorneys for the defense thought the government would drop the prosecution and they expressed surprise last night when informed that the government was preparing to try the defendants for a second time.

The government has kept its plans secret. Last night United States Attorney Thomas Ward, Jr., verified the report that there would be a new trial. He said the date had not yet been set. United States Attorney Harry Rouse

of Kansas, who was sent here to act for the government in the first trial, will again have charge of the prosecution. Postoffice Inspector Riddford, who worked up the case against the defendants, will come from Spokane, where he is now stationed, to be chief witness for the government.

C. L. Blackman, A. E. Koshies, Arthur E. Wilson, William B. Cameron, Lee Do Bois, D. E. Lawrence and Arthur Levan are the men who will have to face a jury for the second time on the charge of using the mails to defraud. George Du Bois is the defendant who has died since the first trial.

## URGES INSPECTION OF COUNTRY'S SCHOOL PUPILS

WASHINGTON, Nov. 15.—Is not the health of the 20,000,000 school children in the United States as important as that of the livestock of the country? United States Commissioner of Education Clayton K. Loomis, in his annual report to Secretary of the Interior Fisher today, at the same time recommending the appointment in the bureau of education of a specialist in school hygiene and sanitation.

## Akin's Injuries Not Critical; Six Horses Killed as Result Alamo Livery Fire Yesterday Morning

The collapsed roof of the washing shed at the Alamo livery, through which firemen Akin and Johnson and Lieut. Lorraine fell during the fire early yesterday morning. Fireman Akin was painfully injured.

As a result of the severe scorching to which they were subjected when the Alamo livery burned at 2 o'clock yesterday morning, six horses were shot later in the day. Their burns were so serious that it was decided recovery was impossible. The animals belonged to H. C. Benton, proprietor of the livery.

The Wells Fargo Express company suffered a loss of about \$400 by the burning of four of their wagons which were stored in the building. None of the horses killed or injured belonged to the express company. The United

States Express company also lost three delivery wagons in the fire. None of its animals was injured. The two companies borrowed wagons from the various laundries of this city and thus were enabled to handle yesterday's deliveries.

It is said at St. Francis hospital where Fireman William Akin was taken last night, that his injuries are not so serious as first believed. At the time of the fire it was thought the fall through the roof had broken the fireman's back. His injuries, however, are not expected to prove fatal, and he probably will resume his duties within two weeks. Neither Lieut. Walter Lorraine nor Fireman Emory Johnson was injured by the falling roof, both lighting upon their feet.

George Bernard said yesterday that his losses probably are covered by \$5,000 insurance which he carried. Mr.

A view of the Alamo livery showing that part of the building in which the fire originated and which was damaged most by the conflagration. The blaze was confined to this section of the stable.

Benton also carried \$5,000 insurance on his stock, but believes his losses will be greater than that sum.

The fire is supposed to have started from an overheated stove in the rear of the building, and the blaze had enveloped a large portion of the upper story before it was discovered.

## Colorado City DEPARTMENT

### BOY ACCIDENTALLY SHOT

Charles Geising, 12-year-old son of Henry Geising, Colorado City saloon keeper, is suffering from a bullet wound in the left hand, the result of the accidental discharge of a revolver Tuesday night. The boy was playing with the weapon, not knowing that it was loaded. His finger touched the trigger, and the revolver was discharged. The bullet passed through his hand, grazed his left side and imbedded itself in the wall. The injury is not serious.

### COLORADO CITY NEWS NOTES.

Johnston, Dr. J. M. Searl and daughter are the guests of Frank Searl, in Denver.

E. B. Wolf of Divide had a carload of potatoes on the Colorado City market yesterday.

The Rev. V. O. Penley, pastor of the Church of the Good Shepherd, is in Sedalia, where he will officiate at the marriage of William Van Horn and

Miss Blanche Curtis, in the church where he preached his first sermon after his ordination in Denver, in 1884. The bride and her parents are friends of Mr. Penley.

A social session will be given by members of the Order of Owls, in Godfrey's hall, this evening.

The Woman's guild of the Church of the Good Shepherd will meet at the rectory at 2:30 o'clock this afternoon.

Mrs. Lotta Jones has returned from a visit to Denver, where she was the guest of her daughter the last month.

Sam Steinberg's store will be removed from 522 to 523 Colorado avenue, in one of the store rooms recently vacated by a saloon.

Many improvements are being made at the home of F. B. Miller, 906 Jackson avenue. Mr. Miller is superintendent of the Midland.

Auction Saturday 10 a. m. November 18, of furniture of 7 rooms; one well-known Emerson upright piano with classical music, etc.; fine carpets, etc.; insured for \$1,000. Something for poor and rich. Don't miss this sale. Furniture as good as new. Private sale. Moving on. Party leaving town. Every thing must go regardless of price before Sunday. 202 Jackson avenue, Colorado City.

### Societies and Clubs

Pikes Peak Chapter of the American Woman's league will hold a meeting in Robbins hall this afternoon at 3 o'clock.

Work in the order of the temple will be conducted at the state convocation of Pikes Peak commandery No. 6, K. T., this evening at 7:30 o'clock. An oyster supper will be served following the business session.

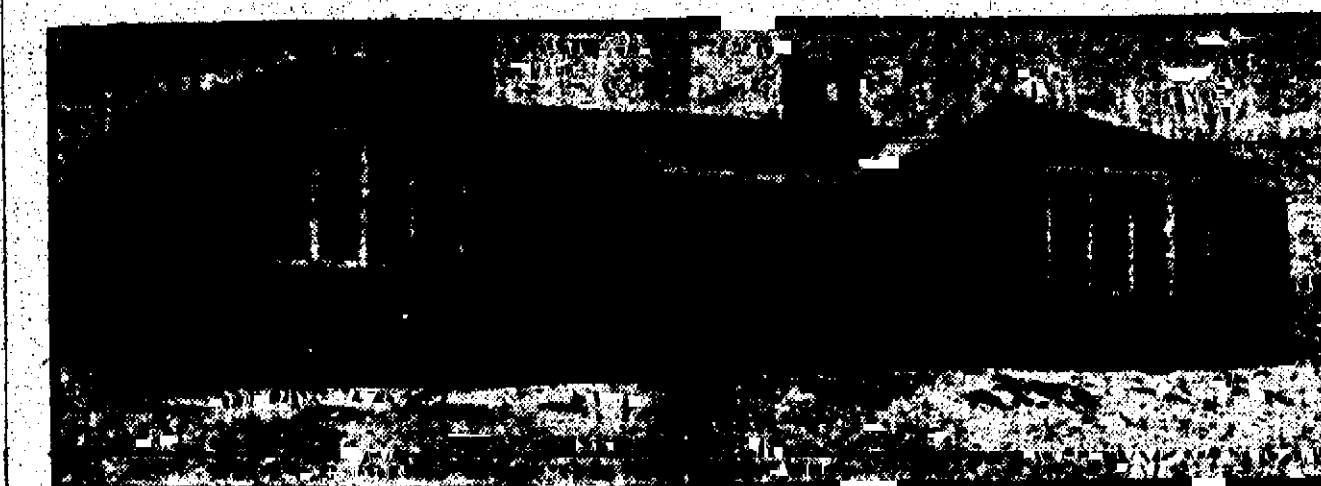

Dr. F. C. Chamberlain will give an address on "Medical Temperance" at the meeting of the Frances Willard chapter, W. C. T. U., at the Hillside chapel this afternoon at 2:30 o'clock. The children of the Hillside L. T. L. will give a demonstration. The meeting closes a campaign for membership, and a banner will be presented to the winners.

Mrs. E. L. Whitney will entertain Saturday afternoon at 2 o'clock, at her home, 1527 North Nevada avenue, for the members of the North End W. C. T. U.

The first part of the meeting of the Woman's Missionary society of the Cumberland Presbyterian church today will be in the nature of a Thanksgiving service. The members will be asked to give a word of praise and thanksgiving. The meeting will be held at the home of Mrs. D. L. Burnett, 815 East Kiowa street, at 2:30.

The first of a series of Thursday night dances by Sunshine camp No. 870, Modern Woodmen of America, will be given this evening at Majestic hall. Frank's orchestra will furnish the music. One of the camp plans to give a "Sunshine" dance each week throughout the winter.

The Hypatia alumnae have issued invitations to the members of the academy to a high tea to be given at the home of the president of the alumnae, Mrs. Richard McKinzie Aiken, 1807 North Nevada avenue, Saturday, November 18. An informal musical and other features will be enjoyed during the evening.

The new school building at the corner of E. and G. streets, Colorado City, recently completed at a cost of \$20,000. It contains two rooms, with a seating capacity of 30 each. At present one teacher is employed.

## MILLIONS OF FOLKS USE ONLY CASCARETS

They Never Have Headache, Biliousness, Sluggish Liver or Bowels or a Sick, Sour Stomach.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired results with Cascarets and quickly too.

Don't let your stomach, liver and bowels make you miserable another moment; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the poison and effete matter which is producing the misery.

Take a Cascaret now; don't wait until bedtime. In all the world there is no remedy like this. A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a good, gentle cleansing, too.

## DISQUALIFY SIX AND ACCEPT ONE TALESMAN

Box in McNamara Trial Will Probably Be Filled Today and Peremptory Challenges Exercised

LOS ANGELES, Nov. 15.—Six talesmen were disqualified and one was accepted today at the McNamara trial. With one more accepted tomorrow the box will be filled for the second time and counsel will exercise peremptory challenges.

As frequently has happened recently, the talesman accepted was subjected to only brief examination. He was C. A. Heath, a farmer of English birth who expressed a great deal of respect for institutions and laws.

In Dennis Bennett, a 74-year-old retired stage driver, formerly of Warrenton, Ore., and Glens Falls, N. Y., it seemed likely that another juror had been secured. The defense accepted Bennett after he said "I would apply the golden rule to this case; I'd try to do as I'd like to be done by," but he tripped up on his belief regarding conviction on circumstantial evidence in cases involving the death penalty, and was excused. Judge Bordwell deciding that he probably would not so convict.

Others examined today were: T. H. Green, excused for rheumatism; E. E. Alderson, not on assessment rolls; L. S. Gilchrist, excused for capital punishment; M. W. Corcoran, excused by the court for fear he would not stand the strain of a long trial; J. J. Jones, colored, excused for personal reasons.

When court closed, Attorney Charles S. Barron, chief of counsel for the defense, was endeavoring to show that Talesman J. J. Rose was not mentally qualified to do jury service in this trial.

Talesman Corcoran, dismissed brought protests from the defense. Corcoran is 68 years old. Attorney Barron pointed out that Talesman R. H. Elliott, accepted yesterday, is 74 years old, but Judge Bordwell held that physical condition rather than old age was to be considered.

"We'll not discuss the matter any further," he said, cutting short Attorney Barron's objections.

Another venire, the seventh thus far, was drawn today. It will report tomorrow.

At 3 o'clock this afternoon, The Rev. Mr. Templeton will give an address.

Mrs. H. Hoyt Stevens will entertain this morning at 10 o'clock at the Alta Vista hotel for the directors of the Woman's club.

Dean Edward S. Parsons of Colorado college will address the Socialists at their meeting Sunday night in Carpenter's hall on "What's the Matter With the American Home?"

Section six of the First M. E. church will meet at the home of Mrs. Van Dusen, 330 North Weber street, this afternoon at 3 o'clock.

Kit Carson circle No. 3, Ladies of the G. A. R., will meet in G. A. R. hall tomorrow afternoon at 2 o'clock.

The Fortia club will meet this afternoon at 3 o'clock at Mrs. J. J. Hester, 22 Maple street, 14th ave. Mrs. A. L. Mowry will give a talk on "Tales of the Northwest."

The Knights and Ladies of Security will meet tonight in Robbins hall. A number of candidates will be initiated, followed by refreshments and a reception.

The first of a series of Thursday night dances by Sunshine camp No. 870, Modern Woodmen of America, will be given this evening at Majestic hall. Frank's orchestra will furnish the music. One of the camp plans to give a "Sunshine" dance each week throughout the winter.

The Hypatia alumnae have issued invitations to the members of the academy to a high tea to be given at the home of the president of the alumnae, Mrs. Richard McKinzie Aiken, 1807 North Nevada avenue, Saturday, November 18. An informal musical and other features will be enjoyed during the evening.

Stopped These Pains  
Copper Hill, Va.—Mrs. Ida Conner, of this place, says, "For years, I had a pain in my right side, and I was very sick with womanly troubles. I tried different doctors but could get no relief. I had given up all hope of ever getting well. I took Cardui, and it relieved the pain in my side, and now I feel like a new person. It is a wonderful medicine." Many women are completely worn-out and discouraged on account of some womanly trouble. Are you? Take Cardui, the woman's tonic. Its record shows that it will help you. Why wait? Try it today. Ask your druggist about it.

## Wilbur's A Wearer of a Redfern Model

is distinguished easily by her graceful bearing and marked figure style—She wears her clothes as if "to the manner born"—They never seem just clothes, but a part of the wearer—the tout ensemble pleasing.

Redfern Models represent the best there is in correct creation—soft, beautiful, long-wearing material, made into designs that are stripped with the rarest selected whalebones that subtly control the form, that is shaped by the designs acknowledged by the renowned fashion creators to be exquisitely perfect to fully meet their requirements.

Redfern Models \$3.00 to \$12.00

## Suits and Dresses Specially Priced

Many additions to both the following lines for this week. Genuine bargains in seasonable and stylish garments.

\$12.50 to \$20.00  
dresses  
\$9.85  
\$22.50 to \$30.00  
Suits  
\$19.85

Evans Hypatia society of Colorado college, for a high tea to be given at the home of the president of the alumnae, Mrs. Richard McKinzie Aiken, 1807 North Nevada avenue, Saturday, November 18. An informal musical and other features will be enjoyed during the evening.

MAN'S FLEET FROZEN WHEN  
HE WALKS INSTEAD RIDING  
EVANS, Colo., Nov. 15.—James Evans and Walter Haskins of Kuerst drove to Loveland for apples and on their return stopped in Milliken and celebrated by the purchase of a jug of whiskey. When they reached Evans the jug was empty and Haskins said Haskins fell from the wagon. Both forgot their team and started to walk 15 miles to their homes. Haskins arrived the next morning, but Haskins wandered about and had with feet frozen. When Haskins returned for the team, Haskins was arrested and fined for cruelty to animals.

While the Jacobs expedition was in Spitzbergen last summer, an interesting discovery was made. In a cove of Wood bay, in the northern part of the island, hot springs were found which, in connection with other volcanic phenomena, justify the conclusion that an active volcano existed in this region in comparatively recent geological times. The springs, eight in number, are distributed along one straight fissure and have well-developed geyser terraces. The cone of the volcano itself is very regularly formed, and resembles the craters of Vesuvius and Aetna.

# Over- Worked Girls

Read What This Girl Says:

Appleton, Wis.—"I take pleasure in writing you an account of my sickness. I told a friend of mine how I felt and she said I had female trouble, and advised me to use Lydia E. Pinkham's Vegetable Compound, as she had taken it herself for the same trouble with wonderful results. I had been sick for two years and over-worked myself, and had such bad feelings every month that I could hardly walk for pain. I was very nervous and easily tired out and could not sleep nights. I had dirty spells, and pimples came on my face. But I have taken your Vegetable Compound and I am entirely cured. I think it is the best medicine in existence."—Miss Cecilia M. Bauer, 1161 Lawrence St., Appleton, Wis.

THIS GIRL SAYS IT IS WOMAN'S BEST FRIEND:  
Chicago, Ill.—"Your Compound cured all my troubles and I am feeling strong and happy and able to work now. Wherever I go I shall praise Lydia E. Pinkham's Vegetable Compound, as I think it is woman's best friend. I have told all my friends the good it has done me."—Miss Maggie Isbauer, 2418 So. Whipple Street, Chicago, Illinois.

Lorimer, Iowa—"I had a heavy cold in the spring and got all run down and was irregular. I had no strength and had bearing down pains in my sides and back, and was very nervous and excitable. I took Lydia E. Pinkham's Vegetable Compound, and I am all right again, and stronger than before."—Miss I. E. Williams, Lorimer, Iowa.

Is it not reasonable to suppose that a medicine that did so much for these girls will benefit any other girl who is suffering with the same troubles?

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there is lots of proof that it will do you much good.

For 30 years, Lydia E. Pinkham's Vegetable Compound has been the best remedy for women's troubles. It is a pure, natural, and safe medicine, and it has cured thousands of women of all ages. It is the best medicine for women's troubles, and it is the only one that is so widely known and so generally used.

Write to us for a free copy of our book, "The Women's Friend," which contains full directions for the use of our Compound, and also a list of the names of the druggists who sell it in every town and city.

Send no money now. We will send you the book free of charge, and we will also send you a bottle of our Compound for the same purpose.

Write to us at once, and we will send you the book and the bottle of our Compound at once.

Write to us at once, and we will send you the book and the bottle of our Compound at once.

Write to us at once, and we will send you the book and the bottle of our Compound at once.

Write to us at once, and we will send you the book and the bottle of our Compound at once.

Write to us at once, and we will send you the book and the bottle of our Compound at once.

NEW YORK TAILOR AND CUTTER  
100 E. Pike Peak Ave.

# THE DAY'S NEWS IN SPORT CIRCLES

## VANDEMOER BACK ON TIGER TEAM; WILL FINISH SEASON

Colorado college football circles received the severest blow of the season, Tuesday, through the dismissal of Vandemoer from the squad, for alleged lack of condition and indifferent play. Yesterday was marked by the greatest windfall on the same basis of reckoning. For last evening Vandemoer was out in football togs, with the earliest arrivals on the field, and when the time practice started, at 4 o'clock, until after dark, he was in an old place at right half.

It is probably amply sufficient at this time to say that Vandemoer is a member of the Tiger football team, that he will play in the two games remaining on the 1911 schedule and let it go at that. Efforts to get her Coach Rothgeb or Vandemoer make any statement met with no success.

But the fact that he is back on the team is, in itself, sufficient to justify a statement that both coach and player are to be commended for the manner in which the matter has been justified. The writer does not presume

of shifting the responsibility of a bad season to the winners of certain games.

Coach Rothgeb declared last evening at the conclusion of practice that there was no "inside" story to relate. Vandemoer said the same thing. The Tiger team will go through the season just as though nothing had happened and the whole incident probably will be forgotten within the week.

You can say, remarked Coach Rothgeb, last evening, that the practice, this afternoon, was the best we have had. I am not referring to the work of any one man but the team as a whole played the kind of football that gives satisfaction.

There was a noticeable change in the workout last evening. The scrimmage with the second and freshmen eleven was longer than usual, and the showing left little to be desired.

The Tiger squad leaves for Denver tomorrow afternoon, where the team plays the School of Mines on Saturday.

A German engineer has invented a sleigh that is drawn along by a motor-driven aerial propeller, placed in front.

## MINERS THINK THEY CAN WHIP COLLEGE

GOLDEN, Colo., Nov. 15.—The result of the Denver-Mines game last Saturday, while disappointing to the Miners in the face of the score, leaves them in a very determined attitude toward the two remaining games with Colorado college on November 18 and the University of Colorado on Thanksgiving day.

They feel that the "football luck" has broken against them with the possible exception of the Aggie game, in which no luck was necessary to influence the result of the game and also that after the exhibition they put up against Denver, although eliminated from the championship race, they have a team of conference caliber and will watch the outcome of the future games with a greater interest.

Coach Stuart and the students are proud of their team and there is not the slightest inclination to quit at this stage of the game. The Miners will come back at Colorado college next Saturday with more spirit than ever, realizing that by defeating the Tigers they will make the Colorado-Mines game on turkey day the drawing game, and also that they will wipe out their defeat of last year, which, under the conditions in which it was administered, has left a dark brown taste in their mouths.

The team has shown a steady improvement with each successive game and right now the men are in the best condition they have been during the entire season. There were seven green men on the team to start with and with such a consistent improvement great things are expected in the next two games, as these men show that they are rapidly rounding into the veteran class.

Captain Calvert and Guard Myers were the only men to be taken out of Saturday's game on account of injuries and these injuries were of such nature as not to affect their future condition. Both of these men are feeling O. K. today, and will go back into the game with the determination characteristic of the entire team of finishing up the season with a dash.

The Miners' defense as demonstrated needs only a little polishing off, and rearrangement to meet the style of attack of the Tigers and all of Stuart's efforts this week will be devoted toward obtaining an effective defense, which is plainly visible to be the one weak point of the Miners' game.

## MORE PLAYERS WILL HAVE HEARING

MINNEAPOLIS, Nov. 15.—The University of Minnesota football team will meet that of the University of Wisconsin at Madison Saturday, but Captain Earle Pickering, Minnesota's fullback, who was charged with having played professional baseball, will not be in the game.

These questions were decided here today at a conference of the Minnesota eligibility committee and the athletic board of control. The committee's statement that Pickering would not be played Saturday also contained an intimation that Minnesota questions the eligibility of four Wisconsin players, Moll, Mack Miller, Knudsen and Hoefel on the same charges as brought against Pickering.

In withdrawing Pickering, the Minnesota authorities say it is impossible to investigate the charges against him before the game.

MADISON, Wis., Nov. 15.—The athletic department of the University of Wisconsin refused to make any statement today when informed that the eligibility of several of the Wisconsin players would be questioned by Minnesota. The Wisconsin authorities are said to have held a conference early in the season with every member of the squad regarding the standing of each and it is understood that the coaches themselves have not questioned their amateur status.

## BOULDER LAYS ALL HOPE ON RICH'S TOE

BOULDER, Colo., Nov. 15.—The new style of football with its uncertain forward passes so often terminating into unearned touchdowns is completely out of Coach Folsom's football mentality this week and will be until the University of Colorado football eleven trots out on the grass gridiron at Salt Lake next Saturday afternoon to settle the question of the championship of the Rocky Mountain conference division with the University of Utah. Throughout the entire season the "variety" has shown that it is not an experiment of the forward pass and still cling to the safer but more grinding old-time play. With this realization in mind, Coach Folsom is putting his men through the hardest and steepest practice yet experienced by the local eleven this year.

Yesterday both the first and second teams bucked each other the entire practice time of three hours, with knowledge that the same diet holds for today and Thursday, right up to the minute the train pulls out for Salt Lake. Line bucks, end snarls and punting occupy the attention of both coaches and all the men. The policy of working out on the grass campus was repeated. The experience gained in the last week from the grassy footing and running will be hard to imagine. A part of the failure of the university to score on the Utah eleven in past years may be blamed to this fact, and this year, with the prospect of winning the championship, nothing is being overlooked to get the squad into the best possible condition.

The feeling now prevails that in spite of the disson and severity of Colorado rosters, the university will win. Everyone looks to Rich to win the event. They are placing their hopes on this star place kicker, who in the last two years has not failed to kick a goal in every game. With his seemingly unerring accuracy at anything within 40 yards, it is a safe bet that Colorado will score at least six points from placement.

## BASEBALL MAGNATES WOULD HAVE CLASS A. A. ADOPTED

SAN ANTONIO, Tex., Nov. 15.—President Kavanaugh of the Southern league brought about the first debate in the 1911 convention of the National Association of Professional Baseball leagues today when he proposed that the national agreement be revised and class A be established so as to allow present class A leagues the same privileges as to drafting from minor leagues now enjoyed by the major leagues.

On the suggestion of Mr. Kavanaugh, a rules committee was named to consider the point at issue. It was tentatively agreed that the committee can act only on the proposed changes in the agreement rules among the minor leagues. J. C. Ewing of the board of arbitration, President C. Moll of the Wisconsin-Illinois league, President I. W. Dickerson of the Michigan State league, President Tim Murnane of the New England league, President T. M. Clivington of the American association and President Sexton of the National association will compose the committee.

This afternoon the convention held its first business session, which was devoted principally to the reading of the report of Secretary John H. Farnell and the suggestion of Mr. Kavanaugh.

The first of a series of deals to crop out was the outright purchase by President William Grayson of Louisville of Al Burch, an outfielder from Brooklyn.

**VANDEMOER.**  
The Tigers' brilliant back, who is in a member of the football team and who will finish the season in his position.

criticize the action of Coach Rothgeb, neither does he agree with one sporting writer who has taken it upon himself, for the last few weeks, to idly fault with Vandemoer's play this season. It rather looks as though Vandemoer, because he is an athlete, unquestioned ability and gameness, expected to do impossible things, when he fails, though he may have been his best, he is held up as an object of criticism, as a means, perhaps,

of shifting the responsibility of a bad season to the winners of certain games.

Coach Rothgeb declared last evening at the conclusion of practice that there was no "inside" story to relate. Vandemoer said the same thing. The Tiger team will go through the season just as though nothing had happened and the whole incident probably will be forgotten within the week.

You can say, remarked Coach Rothgeb, last evening, that the practice, this afternoon, was the best we have had. I am not referring to the work of any one man but the team as a whole played the kind of football that gives satisfaction.

There was a noticeable change in the workout last evening. The scrimmage with the second and freshmen eleven was longer than usual, and the showing left little to be desired.

The Tiger squad leaves for Denver tomorrow afternoon, where the team plays the School of Mines on Saturday.

A German engineer has invented a sleigh that is drawn along by a motor-driven aerial propeller, placed in front.

## SATURDAY'S GAMES

Colorado university vs. Utah at Salt Lake City.  
Denver university vs. Wyoming at Laramie.  
Colorado School of Mines vs. Colorado college at Denver.  
Amherst at Williams.  
Cornell at Chicago.  
Colgate at West Point.  
Carleton at Syracuse.  
Carnegie Tech at Western Reserve.  
Dartmouth at Harvard.  
Dickinson at Swarthmore.  
Delaware at Gettysburg.  
Franklin and Marshall at Lehigh.  
Holy Cross at Worcester.  
Illinois at Northwestern.  
Mississippi at Vanderbilt.  
Minnesota at Wisconsin.  
Ohio State at Oberlin.  
Albany at Tufts.  
Pennsylvania at Michigan.  
Penn State at Annapolis.  
Rensselaer at Rensselaer.  
St. Johns at Johns Hopkins.  
Tufts at Boston.  
Trinity at Haverford.  
Urbana at Rutgers.  
Vermont at Brown.  
Virginia at Georgetown.  
Villa Nova at Bucknell.  
Washington and Jefferson at Pittsburgh.  
Wesleyan at New York university.

## SCRUBY MAY PLAY GUARD FOR CHI. U.

CHICAGO, Nov. 15.—Coach Stagg gave his University of Chicago football players another strenuous workout today in preparation for the game with Cornell Saturday.

The Chicago line will be considerably heavier in the Cornell contest than at any other time this year. Scruby has been used at guard for the last two days' practice and may start the game with Cornell in that position.

The shifting of Scruby to guard will probably mean the using of Gottlieb at end. In this way Scruby would replace a 160-pound guard by one weighing 190 pounds, while the end will be filled by a man nearly as heavy as Scruby, adding between 25 and 30 pounds to the total weight of the forward wall.

## FIGHT FANS ENJOY EXTRA GOOD MILL IN MACK'S HALL

The feature of last night's athletic bout in Mack's hall, Colorado City, was the 10-round mill between Rube Smith, the lad from Denver, and Kid Carson, the hope of Florence. It was a fast grind from start to finish and the referee called time at the end of the tenth, stopped the fight and pronounced it a draw. Popular decision was also that the unusually clever battle was a draw.

Jack Dalley and Young Sturman went four rounds to a draw and no decision was given by referee or spectators other than that both fighters were in good shape and very equally matched. Young Tillman and Dye Hayes, the latter hailing from Denver, fought six fast rounds to a draw. Bill King and Tom Ryan, both of Colorado Springs, had challenged the winner of the Smith-Carson fight, but inasmuch as it was declared a draw no arrangements were made for a further fight.

The wrestling match between Carl Reed and Jimmie Mack created much amusement on the part of those at the match. Reed was supposed to be a go for 12 minutes but lasted only 34 minutes when Reed gave up and Mack was called winner. Mack secured the hammer-lock on Reed at the start of the tussle and Reed was unable to stand it. He decided that he would rather quit than submit to the crushing hold any more.

The fight and wrestling fans who saw the bouts were highly pleased with both the entertainment given and the show made by the men. It was pronounced one of the most successful and enjoyable meets ever pulled off in Colorado City.

## CITY HALL BOWLERS TAKE FIRST GAME OF SERIES

In the opening series of the City league bowled on the Overland alleys last night, the City Hall team took two out of three games. Steele was high man for the City Hall team, scoring 213, and Falk scored 199, high for the Overlands. The score follows:

CITY HALL		OVERLAND	
Kimmel	141	172	157
Steele	213	188	173
McReynolds	158	166	157
Gwilliam	181	199	185
Austin	110	147	140
Totals	758	897	797

In the Commercial league, the Bobbins team took three games from the Excelsior Motorcycle company. The scores were:

ROBBINS		EX. AUTO-CYCLE CO.	
Nealey	157	161	146
Harrison	150	144	139
Penyworth	115	121	191
Snyder	94	169	146
Johnson	137	167	211
Totals	653	762	826

Totals: 511 635 580-1544

## MICHIGAN TO TEST FOR "PENNSY" GAME

ANN ARBOR, Nov. 15.—A stiff practice and scrimmage this afternoon and a hard grind of signal work tonight is expected to be the last program of its kind for the Michigan football squad in preparation for Saturday's game with Pennsylvania.

Fearing possible injuries and anxious to use several stars just recovering from accidents, Yost is not inclined to order another scrimmage. It now seems certain that both McMillan and Craig will be in against Pennsylvania and the return of the star quarter and speedy halfback adds greatly to Michigan's offensive strength.

## JOHNSON SCORES GOOD RUN FOR AMATEUR AT BILLIARDS

Two closely contested games of three-cushion billiards were played at the National Billiard hall last night. The teams were composed of J. Johnson, Phelps, Smith and Robbins. Johnson and Smith made high scores the first game, the winners playing against each other in the second game, as did the losers. Robbins won over Phelps in the second, and Smith defeated Johnson. Johnson made high run for the night, scoring five before a break.

## FIELD IS UNFAVORABLE FOR TIGERS' PRACTICE

PRINCETON, N. J., Nov. 15.—The treacherous condition of the football gridiron after the snow of last night made the practice of the Princeton squad for the Yale game Saturday rather unsatisfactory. The varsity attack was still weak when near the scrub goal lines and the regulars were held with a touchdown in view more than once.

## BRUNSWICK PROPRIETOR TO ENLIGHTEN CAPTAINS

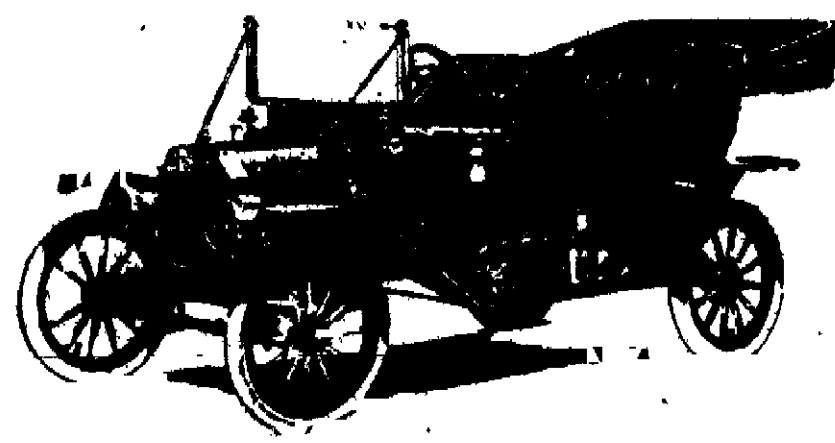

A. A. Wood, proprietor of the New Brunswick bowling alleys, will give a dinner at Tucker's restaurant at 7 o'clock this evening, for the captains of the different teams in the Business Men's league. During the dinner hour the captains will elect officers of the league and formulate rules. The captains have been asked to present the lineup of their different teams, so as to file with the president. The management will also announce a list of prizes to be given.

## SANITARY BOWLERS WIN FROM COLO. FUEL PLAYERS

The Sanitary Dairy five won three straight games from the Colorado Fuel company team in last night's bowling in the Business Men's league, on the Brunswick alleys. The score closed with 2,210 points to the credit of the Dairy five, while the best that the Fuel company team could get was 1,967. The high score—217—was one game of the evening was made by Stokes of the Colorado Fuel company club. The Brunswick team will meet the Portland players tonight in the city league match.

**AT JAMESTOWN**  
JAMESTOWN, Nov. 15.—A large crowd witnessed good racing here today. Montcalm, a favorite at 7 to 10, won the handicap feature by three lengths, over Martin W. Littleton Ella Br., on 6 to 1, captured the third race by half a length over Caughill, a 15 to 1 shot.

## HOW THE RUSSIANS HUNT THE WOLF

From the Wide World Magazine.  
There are many ways of hunting the wolf in Russia, some very curious and exciting, and others as tame as target practice. The most sportsmanlike way is by means of hounds, and all over Russia today there are well-to-do sportsmen who hunt the animal in this fashion. Wolves are also taken in a "falle and shot, while still another way is to drive in a sleigh through the forest, in time of hard frost, when the wolves are bold with hunger. At the tail of the sleigh one or more sportsmen lie snugly under their fur rugs with their rifles ready. A young pig is carried in the sleigh, and its cries soon reach the ears of the hungry wolf, who cannot resist following the "sleigh, and are speedily shot.

One of the most picturesque ways of hunting the wolf, perhaps, is that which was very common in the west of Asia, on the bleak Turkish steppes. The Tartar tribes are wonderful horsemen, and they ride after the wolf in very large parties. Not only are dogs used to overtake the quarry, but because a fleet wolf may get away from them, eagles are used, being trained to help the hunter in very much the same manner as falcons in olden times. The great bird sits on the hunter's wrist until it is let loose; then it swoops into the air, sails after the quarry, and swoops down upon it. Its duty is not to kill, but to "bottle" the wolf, by flapping its wings in its face and driving its sharp claws into the animal's back. Such hunting is a capital sport for the riders, but apart from this, wolf-hunting is a real necessity in those parts, the brutes being far too partial to the lambs and kids of the Turbans.

## DELLI ARGUING FOR NEW

## BREAK GROUND FOR NEW D. H. SCIENCE BUILDING

DENVER, Nov. 15.—The members

the board of home missions and church extension of the Methodist Episcopal church visited Denver university today and joined in the ceremony breaking ground for the new academic building. Nearly 1,000 students assembled in the gymnasium and were dressed by Bishop W. F. McDowell of Chicago, who was for several years previous to his election to the episcopacy chancellor of the university.

of trustees and the son of the fourth of the university, ex-Governor Rees of Colorado, turned the first shovel of dirt. Nine bishops, the first graduates of the university, the dean of the science faculty and several ministers followed. Following this, the School of Theology was open for inspection, and addresses were made by President Ralls, Bishop H. W. Wainwright and Bishop L. B. Wilson.

Don't waste your money buying strengthening plasters. Chamberlain Pliniment is cheaper and better. Rub a piece of flannel with it and bind over the affected parts and it will relieve the pain and soreness. For sale by all dealers.

**THIEF GETS \$1,100 FROM  
MAN'S TROUSERS POCKET**

DENVER, Nov. 15.—Jacob Swatt, retired business man of Detroit, Mich., now living here, today reported to police the theft of \$1,100. The thief, according to Swatt's story, entered his bedroom some time during the night, extracting the money from a pocket book pinned in his trousers pocket. Four valuable diamonds in the pocket were overlooked.
